

Annual Report 2009

ASEAN Food Security Information

System (AFSIS) Project

Preface

The ASEAN Food Security Information System (AFSIS) Project is implemented under ASEAN+3 cooperation with financial support from Japan. The Project has the objective to strengthen food security in the region through the systematic collection, analysis and dissemination of food security information. The first phase of the Project was started in 2003 and ended in 2007. The Project was extended into the second phase, which has the implementation period from 2008 to 2012.

This annual report is the second report of the Project, which prepared to provide concerned parties with the updated information about Project's activities and its achievement in 2009. The Project management hopes that the information in this report will increase mutual understanding and cooperation of member countries and all parties concerned with planning and implementing food security policies. In 2009, we have made a lot of progresses such as new activities were implemented and new information were included in the EWI and ACO reports. Moreover, the AFSIS Project was recognized and mentioned at the Meeting of ASEAN Ministers of Agriculture and Forestry (AMAF) held in November 2009 in Brunei Darussalam for its contribution toward the food security in the ASEAN region.

The Project management would like to express its sincere appreciation to all Member States, the Government of Japan, the ASEAN Secretariat and other concerned parties especially the Office of Agricultural Economics (OAE), Ministry of Agriculture and Cooperatives of Thailand for their kind support and participation in the implementation of the Project.

1. Project Overview

1.1 Background

The ASEAN Food Security Information System (AFSIS) Project commenced in 2003 after the ASEAN Ministers of Agriculture and Forestry (AMAF) plus Three (China, Japan and Republic of Korea) Meeting held in October 2002 in Lao PDR has approved the Project as a result of the growing concern about the food security problem in the region. The Project was financed by the Government of Japan and coordinated by Thailand.

The 1st Phase of the Project ended in 2007. Prior to the termination of the 1st Phase, the AMAF+3 Meeting in September 2005 in the Philippines has expressed their recognition of the contribution of the AFSIS Project with respect to the improvement of the food security information of the region. Consequently, the 2nd Phase was prepared and endorsed by the AMAF+3 Meeting held in November 2007 in Bangkok, Thailand. The 2nd Phase has the period of 5 years from 2008-2012 with, again, financial support from Japan.

1.2 Objectives

The 2nd Phase of the Project is aimed at improving the Project's main activities of the 1st Phase in providing food security information and increasing capacity of Member Countries in relation to information network development as well as human resource development.

The overall objective of the 2nd Phase of the Project is to strengthen food security in ASEAN+3 region through the systematic collection, analysis and dissemination of food security information.

The specific objectives of the Project are:

- 1) To improve AFSIS information network in providing necessary information and analysis required for the food security policy planning in ASEAN+3 region
- 2) To improve the capacity of each member country in providing required information at the same standard
- 3) To improve the capacity of each member country in food security analysis

1.3 Project Components

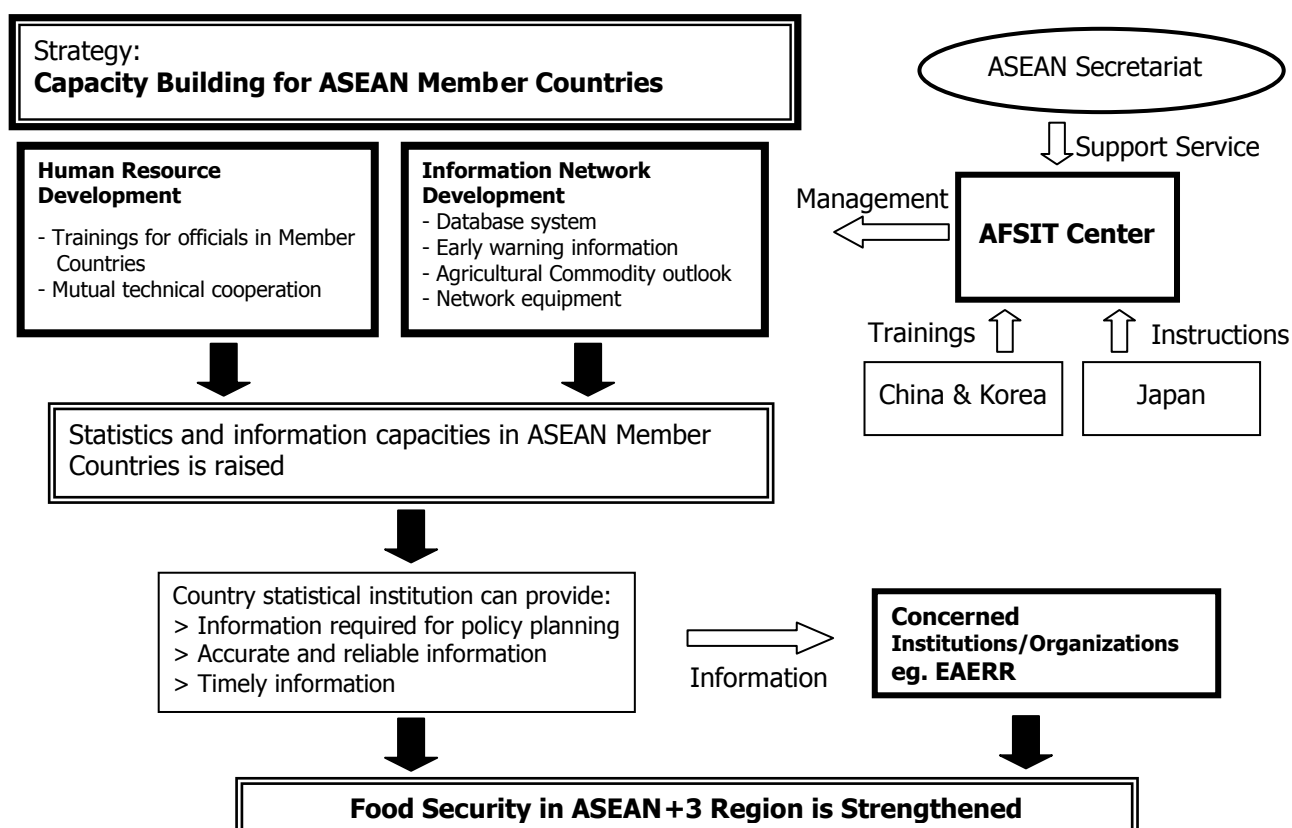

The Project consists of two major components similar to the 1st Phase as follows:

a. Human Resource Development

b. Information Network Development

Regarding the Human Resource Development component, besides organizing the training courses, the Mutual Technical Cooperation between member countries is added from the 1st Phase. In addition, for the Information Network Development, the Early Warning Information and Agricultural Commodity Outlook Reports are included in this component.

Overall Concept of AFSIS Phase II Project

1.4 Institutional Administration

The same Focal Points of the 1st Phase of the Project is continued to be responsible for managing and assisting the Project in carrying out the activities of the 2nd Phase Project. The Focal Points Meeting (FPM) is designated to be the decision-making mechanism of the Project which plan to be held at least once a year to discuss, review and decide on the following matters:

- 1) Work plans of the Project
- 2) Implementation of project activities at the regional and national levels
- 3) Other important matters relevant to the implementation of the Project

In the first, third and fifth year, the Project has planned to organize the Meeting of Director – Generals of Agricultural Statistics and Information in ASEAN+3 Countries back to back with the FPM to exchange views and explore current problems regarding regional food security and find appropriate solutions.

The existing ASEAN Food Security Information and Training (AFSIT) Center of the 1st Phase at the Office of Agricultural Economics (OAE), Ministry of Agriculture and Cooperatives (MOAC), Thailand, is continued its function as a secretariat of AFSIS FPM, as a center for regional training and as a hub of information on food security for participating Member Countries. It also provides services necessary for project activities of Member Countries.

1.5 Project Financing

The Project is implemented with the financial support from a Trust Fund, which the MAFF Japan has agreed to provide through the ASEAN Secretariat over the Project period. Member States are entitled to make contribution to the Project by designating the Focal Points and staff to work on the Project. They also provide facilities such as computers and telecommunication equipments and other necessary arrangements to ensure the efficient implementation of the Project.

2. Implemented Activities

2.1 Administrative Activities

The FPM which is the decision – making mechanism of the Project and plan to meet every year. For 2009, Focal Points meeting was organized in Bali, Indonesia on 20 – 22 January 2009. The Regional Workshop for Focal Points was organized during 7 – 8 July 2009 in Chiangrai, Thailand.

However, there is no meeting of Director – Generals of Agricultural Statistics and Information (DG – ASI) in 2009 as the DG meeting has planned to organized every second year.

*7th FP meeting during 20 – 22 January 2009
Bali, Indonesia*

*The Regional Workshop
during 7 – 8 July 2009, Chiangrai, Thailand*

2.2 Human Resource Development

The Project aims to raise the capacity of Member States through a combination of activities. These activities were planned to provide related personnel in Member States with knowledge and skills in statistics and the development of food security information system. In 2009, this component has been implemented as planned and can be summarized as shown below:

2.2.1 Organization of Training Courses and Workshops

- Training Course on “Basic Knowledge and Technique for Agricultural Statistics Planning”, 18 – 25 June 2009, Japan.
- Training Course on “ASEAN Food Security Information System”, 30 July – 14 August 2009, Seoul, Republic of Korea.
- Training Course on “ASEAN Food Security Information System”, 8 – 19 September 2009, Kunming, P.R.China.
- Training Course on “Development of Agricultural Production Information”, 26 November – 4 December 2009, Thailand.

The name of the participants attended in each training course or workshop are appeared in the Annex 1.

2.2.2 Mutual Technical Cooperation

The mutual technical cooperation has the objective to share knowledge and views among ASEAN Member States. Under this scheme, the countries were matched up into pairs of recipient and resource country according to the need and expertise of each country. For each pair, two types of capacity building activities are implemented as follows:

- a) Training Course: The experts from resource country will be dispatched to the recipient country to be the instructors in the training course on the subjects that required by recipient country.
- b) Technical Visit: The recipient country will send staff or experts to visit the resource country after the training course. The visit will allow the staff from recipient country to follow up on what they have learned from the training course.

In 2009, there were three pairs of the countries which implemented under this cooperation as follows:

Pair	Resource Countries	Recipient Countries	Subject
1	Indonesia	Cambodia	Supply Demand Analysis and Forecasting for Agricultural Commodities
2	Thailand	Lao PDR.	Remote Sensing
3	Philippines	Myanmar	Sampling Techniques and Information Technology

As for the first pair, the training course on “Supply Demand Analysis and Forecasting for Agricultural Commodities” was conducted by 2 experts from the Center for Agricultural Data and Information (CADI), Ministry of Agriculture, Indonesia during 20 – 24 April 2009 in Cambodia. The course was attended by 15 participants from the Ministry of Agriculture Forestry and Fisheries, Cambodia. After the training course, 3 staff from Cambodia made a technical visit to the CADI in Indonesia during 25 – 29 May 2009 to follow up the lesson learnt in training course and exchange views in agricultural statistics system.

The cooperation between Thailand and Lao PDR has begun by organizing the training courses on “Remote Sensing” during 24 – 28 August 2009 in Vientiane, Lao PDR. The objective of this course is to provide the participants with knowledge and skill in applying the remote sensing technique as a tool for the land use/land cover assessment. The expected output is the able staff that can efficiently utilize remote sensing technique in their actual work. The course was attended by 11 participants from the department of Planning, Ministry of Agriculture and Forestry, Lao PDR. After The training course, The technical visit of 3 staff from Lao PDR to OAE in Thailand was carried out on 14 – 18 December 2009.

The pair of Philippines and Myanmar organized the training course on “Sampling Techniques and Information Technology” during 21 – 29 November 2009 in Yangon, Myanmar. The course was conducted by 2 experts from Philippines. For the technical visit, 3 officials from Myanmar visited the Bureau of Agricultural Statistics, Department of Agriculture, Philippines during 25 – 29 January 2010.

2.3 Information Network Development

2.3.1 Development of Information System

The Projects has launched the AFSIS website and has developed its database for publishing regional food security related information through internet since 2004. The website is <http://afsis.oae.go.th>. The database contains a time series data of food security related information of five major food crops namely rice, maize, soybean, sugarcane and cassava. The information was gathered from every Member State and includes information related to production, imports and exports, market prices, consumption, stocks of each crop. Some other important economic information such as incomes, land use and irrigation are also included. The national information is consolidated to produce regional information. The users can have an option to search for the information at national or regional levels. The followings are the list of national information gathered from Member States and stored in the database. Information related to 5 crops (rice, maize, soybean, sugarcane, cassava) included in the data based are as follows:

❑ Crop Information

- Planted & harvested areas, production and yields
- Crop calendar
- Farm – gate prices
- Wholesale prices

- Imports and exports
- Balance sheet
- Cost of production

❑ Other Economic Information

- Population
- Total labor force
- Labor force in agriculture
- Gross Domestic Product (GDP)
- GDP in agriculture
- Per capita incomes
- Land use

2.3.2 Development of EWI Reports

In 2009, there were two EWI Reports published, the first one in March 2009 and the second one in September 2009. The first Report focused only on rice which included information on estimated planted/harvested areas, production and yields and crop growing conditions as well as damaged area due to flood, drought, pests and diseases. For the second one, maize was included.

2.3.3 Development of ACO Reports

The Project started to publish ACO Report in December 2008. The Project has planned to issue the ACO Report semi-annually in June and December. The first two ACO Reports covered only rice crop which included the information on current and projected situation in various aspects of rice in ASEAN region such as areas, yields, production, utilization, stocks, prices, imports and exports. The food – security ratio and the self-sufficiency ratio of each member country and regional level were also included.

For each ACO report, the draft report was prepared by the working group set up at OAE and AFSIS consultant and was scrutinized by the ACO Committee which comprised experts nominated by the Focal Point from each Member States before publication. In 2009, there were 2 reports published. The first one (June 2009) was issued in July 2009 and the second issue (December 2009) was actually distributed in February 2010 due to the delay in obtaining the country reports. In the December 2009 issue covered both rice and maize.

There were two ACO Committee meetings in 2009

- The first meeting was held on 6 – 7 July 2009 in Chiangrai, Thailand.
- The second meeting was held on 13 – 14 January 2010 in Petchaburi, Thailand.

The name of the ACO Committee is shown in Annex 2 – 3.

*The 2nd ACO Committee meetings
during 6 – 7 July 2009 Chiangrai, Thailand*

*The 3rd ACO Committee meetings
during 13 – 14 January 2010, Petchaburi, Thailand*

3. Work Plan in Year 2010

The project implementation plan for 2010 (January 2010 – December 2010) has been approved at the 7th FPM held on 20 – 22 January 2009 in Bali, Indonesia. The major activities in 2010 are as follows:

3.1 Organization of the 8th FPM

In 2010, the Project plans to organize the 8th FPM in February and the venue of the meeting has not yet been determined. The name of Focal Point of AFSIS Project is shown in Annex 4.

3.2 Organization of the 5th Meeting of DG – ASI in ASEAN+3 Countries

The Meeting of DG – ASI in ASEAN+3 Countries was planned for the top executives of organizations involved in agricultural statistics and information and the ASEAN Secretariat to discuss issues regarding the effective means of the AFSIS Project implementation and the development of agricultural statistics and information related to national and regional food security. In 2010, the Project plans to organize the 5th Meeting of DG – ASI in ASEAN+3 Countries back to back with the 8th FPM. The name of DG – ASI in ASEAN+3 is shown in Annex 5.

3.3 Information Network Development

The Project will still maintain and continue to improve the database and website to provide information required for food security planning for the region. The information in database will be annually updated and verified time by time for their validity. The EWI and ACO reports will be carried out similar to 2009 in terms of frequency but will be expanded in terms of contents and commodity coverage.

The plan for EWI and ACO development including the number of commodities covered will be further discussed in the FPM in 2010. If necessary, the Project will organize the Workshop for related staff to find appropriate solutions for improvement of the EWI and ACO Reports.

3.4 Human Resource Development

1) Organization of the Regional Training Courses. The Project will organize 2 training courses, one in Japan and the other one in Thailand. The Project will also request support from China and Korea to organize additional training programs during the year. The content of training courses will emphasize on the topics directly related to the project implementation. The detailed work plan for training courses will be discussed and agreed in the 2010 annual FPM.

2) Mutual Technical Cooperation. In 2010, there is only 1 pair of countries that will carry out activities on mutual technical cooperation, which are Malaysia, as a resource country, and Vietnam as a recipient country. To implement the activities, experts from Malaysia will assist in instructing the training course in Vietnam. After training, the officers from Vietnam will make a technical visit to Malaysia to exchange views and follow up what they have learnt from the training course. The detailed work plan including the topics and contents of training courses and technical visits will be jointly prepared by the 2 countries and presented to FPM for consideration.

3) Organization of the Regional Workshop. The Project will organize regional workshop to provide a chance for Member States to discuss and find appropriate solution to the problems or difficulties encountered during Project implementation as considered necessary. The need and detailed work plan on the organization of regional workshop will be discussed and agreed in the FPM.

3.5 Mid – term Evaluation

As stated in the Project Implementation Plan, the Project will conduct the mid-term evaluation in 2010. The evaluation will be carried out by the independent third party. The purpose of the evaluation is to objectively review achievement, effectiveness of activities and efficiency of management and budget utilization of the Project. The evaluation report shall be submitted to the FPM for their consideration.

3.6 Activities to support the AIFS Framework

Due to the growing concerns about food security of the world including ASEAN Member States, the ASEAN Secretariat has developed the ASEAN Integrated Food Security (AIFS) Framework with the objective to ensure long-term food security in the region. It provides scope and joint practical approaches for cooperation among ASEAN Member States.

The Project is expected to play an important role in strengthening integrated food security information systems to effectively forecast, plan and monitor supplies and utilization of basic food commodities. In this connection, in 2010, the Project with assistance from the Asian Development Bank (ADB) will increase the utility of information system by verifying the adequacy and accuracy of database from various users' view points then identifying appropriate measures for improvement. The detailed work plan of these activities will be prepared and presented to the FPM for agreement before implementation.

The schedule of each activity in year 2010 is shown in ANNEX 6.

List of Participants Attended the AFSIS Programs

1. Training Course on “Basic Knowledge and Technique for Agricultural Statistics Planning”, 18-25 June 2009, Fuji Management Development Center, Fujiyoshida City, Yamanashi Prefecture, Japan

- 1) Mr. Ramlie Haji Ladis
Senior Agriculture Assistant
Department of Agriculture, Ministry of Industry and Primary Resources
Old Airport Road BB 3510, Brunei Darussalam
Tel. 67-3-238-8000, Fax. 67-3-238-2226
E-mail : ramlie.ladis@agriculture.gov.bn, jpthea@brunet.bn
- 2) Ms. Rukiah Bair
Agriculture Assistant
Department of Agriculture, Ministry of Industry and Primary Resources
Old Airport Road BB 3510, Brunei Darussalam
Tel. 67-3-238-8000, Fax. 67-3-238-2226
E-mail : rukiah.bair@agriculture.gov.bn, jpthea@brunet.bn
- 3) Ms. Sotheavy Meas
Chief of Statistics Office
Department of Planning and Statistics, Ministry of Agriculture Forestry and Fisheries
200, Preah Norodom Blvd, Tonle Bassac, Khen Cham Ka Mon, Phnom Penh, Cambodia
Tel. 855-12-975519, 855 -11- 833115, Fax. 855-23-720527, 855 -23 -216060
E-mail : vy_meas@hotmail.com, sotheavymeas@gmail.com
- 4) Ms. Phearun Soun
Statisticians
Department of Planning and Statistics, Ministry of Agriculture Forestry and Fisheries
200, Preah Norodom Blvd, Tonle Bassac, Khen Cham Ka Mon, Phnom Penh, Cambodia
Tel. 855-23-720527, Fax. 855-23-720527, 855 -23 -216060
- 5) Mr. Puji Nantoro
Horticulture and Estate Crops Division Staff
Center for Agricultural Data and Information, Ministry of Agriculture
D Building, 4th Floor, Jl. Harsono RM No.3, Ragunan-Jakarta Selatan, 12550 Indonesia
Tel. 062-21-780-7601, Fax. 062-21-780-7601
E-mail : puji@deptan.go.id
- 6) Ms. Yenni Tat
Information System Development Division Staff
Center for Agricultural Data and Information, Ministry of Agriculture
D Building, 4th Floor, Jl. Harsono RM No.3, Ragunan-Jakarta Selatan, 12550 Indonesia
Tel. 062-21-7822803, Fax. 062-21-7822803
E-mail : yenni@deptan.go.id
- 7) Mr. Phonesavanh Vanmixay
Technician
Center for Statistic and Information, Department of Planning MAF
P.O.Box. 811, Vientiane Capital, LAO PDR.
Tel. 856-021-415359-123, Fax. 856-021-264541
E-mail : airmixay@yahoo.com

- 8) Mr. Viengsakhone Phanthanousy
Technician
Center for Statistic and Information, Department of Planning MAF
P.O.Box. 811, Vientiane Capital, LAO PDR.
Tel. 856-021-263160 or 856-020-3800800, Fax. 856-021-263160
E-mail : vskphanthanousy@gmail.com, admin@maf.gov.la
- 9) Mr. Mohd Shahrizal Mohd Noor
Economist
Muda Agricultural Development Authority (MADA)
Ministry of Agriculture and Agro-Based Industry
MADA Headquarters, Ampang Jajar, 05990 Alor Star Kedah, Malaysia
Tel. 604-7728255, Fax. 604-7726352
E-mail : shahrizal@mada.gov.my
- 10) Ms. Veronica S. Jamilat
Statistician
Planning, Strategic and International Division
Ministry of Agriculture and Agro-Based Industry
14th Floor, Wisma Tani Lot 4G1, Precint 4, Federal government Administrative
Centre Putrajaya, Malaysia
Tel. 603-88701110, Fax. 603-88888941
E-mail : veronica@moa.gov.my
- 11) Mr. Hlaing Min
Staff
Settlement and Land Records Department, Ministry of Agriculture and Irrigation
No. 486, Merchant Street, Yangon, Myanmar
Tel. 95-1-387657, 95-1-387658, Fax. 95-1-380273
E-mail : hlaingmin44@gmail.com
- 12) Mr. Myo Min Naing
Inspector of land records
Settlement and Land Records Department, Ministry of Agriculture and Irrigation
Building No.5375, Room No.21, Wunna Thikhti Quarter, Naypyitaw Myanmar
Tel. 95-067-410126, 95-067-410127, Fax. 95-067-410126
E-mail : stat-hq@slrd-moai.gov.mm
